Top Coats In May

Neither unseasonable nor unreasonable if you value your health and comfort. A Top Coat is an all-the-year-round garment and as seasonable in May as in December. But if you want a stylish Top Coat, a coat that has snap and character, a coat that has the air of being just right all over, you'll find best satisfaction here. And the selection and prices will please as well as the fit and style.

BIG MAY MATINEE SALES

Summer Wash Goods Under Price.

Think now! Did you ever know of such remarkable savings so early in the season? Do you ever remember of picking from a great unbroken showing of seasonable wash fabrics—before the warm season had even begun—at prices that would seem low in July?

Certainly the "May Matinees" will be the most attractive sale ever given by this big store.

8c sheer batistes at 5c—Never again this season will a nickel purchase such dainty and beautiful fabrics in such infinite array of summer patterns. In the more than 50 patterns are neat dots and rings and small effects on light and dark grounds, or dainty flowers on white, mostly. A plentiful scattering of the desirable linen shades. May Matinee price 5c.

25c Organdies next week 15c—a wonderful pricing of these choicest of satin striped organdies, in the same dainty floral printings and black and white designs that are 25c everywhere—during the May Matinees are but, yard, 15c.

Imported Irish dimities 25c—Cocoonness personified—and such pretty neat blending of rings, dots and small figures with light grounds as is seldom seen. Specially priced yard 25c.

27 inch all linen suitings 19c—If we had to buy these same white and ecru dress linens today the price to you would be 50c yard.

6c lawns 3 7-8c yard—100 pieces pretty light and dark lawns in dots, rings, checks and floral printings. Considering the scarcity and high price of such goods this is a very unusual bargain.

White Goods Drop In Price.

Wide 50c silk finished batistes 25c—our own finest and softest batiste which was unequaled in Marion at 50c—just to swell the sales of the white goods section—will be sold while the few pieces last at half price—25c yard.

15c buys 25c Persian lawns—a rare opportunity to buy a beautiful white dress pattern at nearly half the regular cost.

25c dotted Swisses 11c—Another lot of these beauti-

ful dotted swisses in 3-size dots, comes just in time for this week's sale. 25c quality at yard 11c.

35c figured waistings 19c—10 pieces of beautifully flowered and striped waistings at less than half regular price.

35c embroidered Swisses 17 1-2c—a "quick moving" price upon a few pieces fine 35c emb. swiss and not apt to last over Monday.

IT'S THE SKIN NOT THE BLOOD

Costly Error of Treatment of Skin Disease by Internal Nostrums

When the Surface Alone Should be Healed.

If you slash your fingers do you think it will cure it? No, you apply the lotion to the wound, yet people are treating skin diseases constantly by dosing the stomach.

Until a few years ago many doctors thought that skin diseases originated with the blood. But the application of the germ theory proves that skin diseases are caused by germs which lodge in the skin.

To cure the skin direct through the skin, Dr. Deatour D. Dennis compounded oil of wintergreen and other remedial agents into a liquid called D. D. D. Prescription. He gave this to his patients and found that the eczema germs were eradicated while the healthy skin was not injured at all.

Later Dr. Dennis was prevailed upon to allow a private company in

Chicago to put this remedy in bottles. While Dr. Dennis has no direct connection with the company selling the prescription he endorsed the remedy and sanctioned the sale of D. D. D. through drug stores.

Great credit is due to physicians who recommend this remedy—and there are many such physicians—when they can make so much larger fees by writing out their own prescriptions.

We vouch for D. D. D. Prescription and D. D. D. soap and recommend these to all sufferers from skin diseases.

For sale by Floeken's Pharmacy.

INTENSE ENTHUSIASM

Characterized Monday Evening's Meeting.

COMMITTEES ARE NAMED

To Have Charge of Soliciting Funds.

Committees will Begin at Once the Work of Soliciting Donations From Citizens.

A meeting of very enthusiastic citizens was held at the Commercial club Monday evening to discuss the question of raising money to defray the expense of the removal of the Erie shops and terminals from Gallon to Marion, should the management of the road determine upon such action.

The citizens were all of one opinion. Marion wants the shops and terminals and her business interests are ready and willing to assist the railway company in making the change.

A committee composed of Samuel Lippincott, George D. Copeland, John E. Waddell and John Bain was named. The work of this committee will be to name other committees to have charge of the soliciting of money from the business interests to defray the expense of moving the shops. At least four sub-committees will be named and the work will be pushed as rapidly as possible.

A committee from the Commercial club, composed of George B. Christian Sr., William E. Scofield and James F. Prendergast is now in New York City for the purpose of conferring with General Manager Stuart of the Erie railroad company. This committee has a conference with General Manager Stuart and other Erie officials today and until word is received from the Marion representatives, nothing definite can be stated.

The committee, which was named at Monday evening's meeting held a meeting at the Commercial club this morning and outlined its work, naming the four sub-committees and dividing the city into sections, to be worked by the sub-committees. The division of the city was made by adopting the ward boundary lines and the sub-committees named are as follows:

FIRST WARD.
John Bain, chairman, George Brown, G. E. Mouser, E. E. Bush, J. W. Jacoby, B. F. Waples, W. B. Denman, C. B. Jenkins and Henry Strelitz.

SECOND WARD.
H. E. Carpenter, chairman, Henry True, M. L. Dumble, A. C. Edmondson, Harry Vogle, D. A. Frank, Louis Goldberg, Cassid.

THIRD WARD.
John W. Clark, chairman, F. E. Guthery, George S. Bain, James E. Phillips, D. C. Nelson, L. V. Uncapher, J. E. Waddell, W. M. Jackson, J. B. Bolander.

FOURTH WARD.
W. T. Jones, chairman, George B. Scofield, George Uhler, C. S. Lippincott, G. Wollenweber, Charles Turner, Johnson Mooney, C. T. Wiant and E. K. Uhler.

Notwithstanding the fact that last night was cold and wet, a good sized audience was in evidence, to welcome the Minnelli Bros. Their clever little star Miss Mina Gennell, their company of thirty artists, and to take a look at the Big Air dime theater.

This show is well known throughout Ohio and the local Eagles have made a wise choice in bringing this organization here. Miss Gennell is no stranger in Marion having appeared at the Grand Opera house with various high priced attractions.

The play last night, "A Woman's Name" (shidlu mfwyji taoin wiyupijj Way) gave Miss Gennell opportunity to display her versatility, which she did in a charming manner and incidentally did a catchy specialty. The supporting company is splendid. Mr. Fred E. Huxtable, The Fries Sisters all did some clever specialties, which were thoroughly appreciated.

Last but not least Little Baby Burns aged four years did a song and dance specialty. The management claims that she is the youngest child artist on the American stage. She is a marvel. Baby Burns will appear at every performance.

Tonight the greatest comedy drama "Sis Hopkins," Mina Gennell as Sis. Don't miss this great bill. Performance, rain or shine. The big tent does not leak and the lights make it warm and comfortable.

The big air dime theater is located on North Prospect street.

Railroad Notes

David Cable, the popular Erie brakeman who daily has a place reserved for his number tens under the table at the union depot hotel, has taken on a remarkably generous streak. It has been the custom for every railroader who spends more than twenty-four hours a day loafing at the hotel to donate some fixture to the hotel park which is located just east of the hotel. David until Saturday had not observed the custom but this morning he perpetrated a very pleasant surprise upon his fellowmen by presenting the park manager with a fine ten dollar croquet set. His gift will be greatly appreciated by all of the railroaders who are compelled to wait long at the hotel between their runs and croquet promises to be a very popular game in the future with local brakemen.

P. O'Neill, trainmaster of the Erie with headquarters at Gallon was in this city yesterday looking after business.

Master mechanic James of the Erie with headquarters at Gallon was in this city yesterday afternoon looking after business.

Michael Moran, yardmaster of the Hoeking Valley was in Columbus today visiting relatives.

SERIOUSLY INJURED

Walter Bricker Trampled on by a Frisky Horse.

Walter Bricker, a resident of Green Camp, was the victim of a painful accident, occurring near Agosta about 3 o'clock Monday afternoon. In company with Louis Tron, Mr. Bricker went to the home of Mrs. Lena Schaber, south of Agosta, for the purpose of buying a young horse.

While exercising the animal, Mr. Bricker slipped and fell beneath the fore feet of the horse. He was badly trampled, sustaining several broken ribs and internal injuries. Dr. H. O. Ogden, of Agosta, was called and rendered surgical attention. The unfortunate man was not in condition to be moved to his home and was taken to the Schaber home, where he will be confined for several weeks.

Murderer Got Away.

On a recent Sunday night a murder was committed in a town not far from Boston. The chief of police, after an hour's examination, left the search for the murderer to an assistant, on the ground that he needed a long night's sleep in order to be around early for the town meeting the next day. The murderer has not been found.—Boston Herald.
